Student Testimonial

"I used to be afraid to speak English in front of people. After 8 weeks with my teacher, my pronunciation improved, and I became more comfortable speaking. The homework assignments and the detailed feedback made a huge difference, and I learned 20 new words every week."

AHMED ALI

"I needed practical English skills for studying and writing emails. The teacher focused on Medical English and email composition. Now I can write professional emails, and I was able to confidently give a presentation in English."

MOHAMED SALAH

"My goal was to get 6.5 on the IELTS. We followed a clear study plan and took a mock test every week. My score improved from 5.0 to 7.0 in just 10 weeks, and I learned effective listening and speaking strategies that gave me confidence on the exam day."
