### LEOCALLS FASTER THAN LEGACY TELEPHONY

## Modern Cloud Communications for a Fast-Growing GCC Market

As GCC economies digitize, many businesses still rely on costly, hard-to-scale legacy PBX systems. Leocalls offers a cloud-native alternative that deploys in days and fits GCC regulations and business needs.

- Lower Telephony Costs
- Faster Deployment
- Ready for Remote & Hybrid Work

## Why LEOCALLS?

Built for Bahrain

### Regional Support

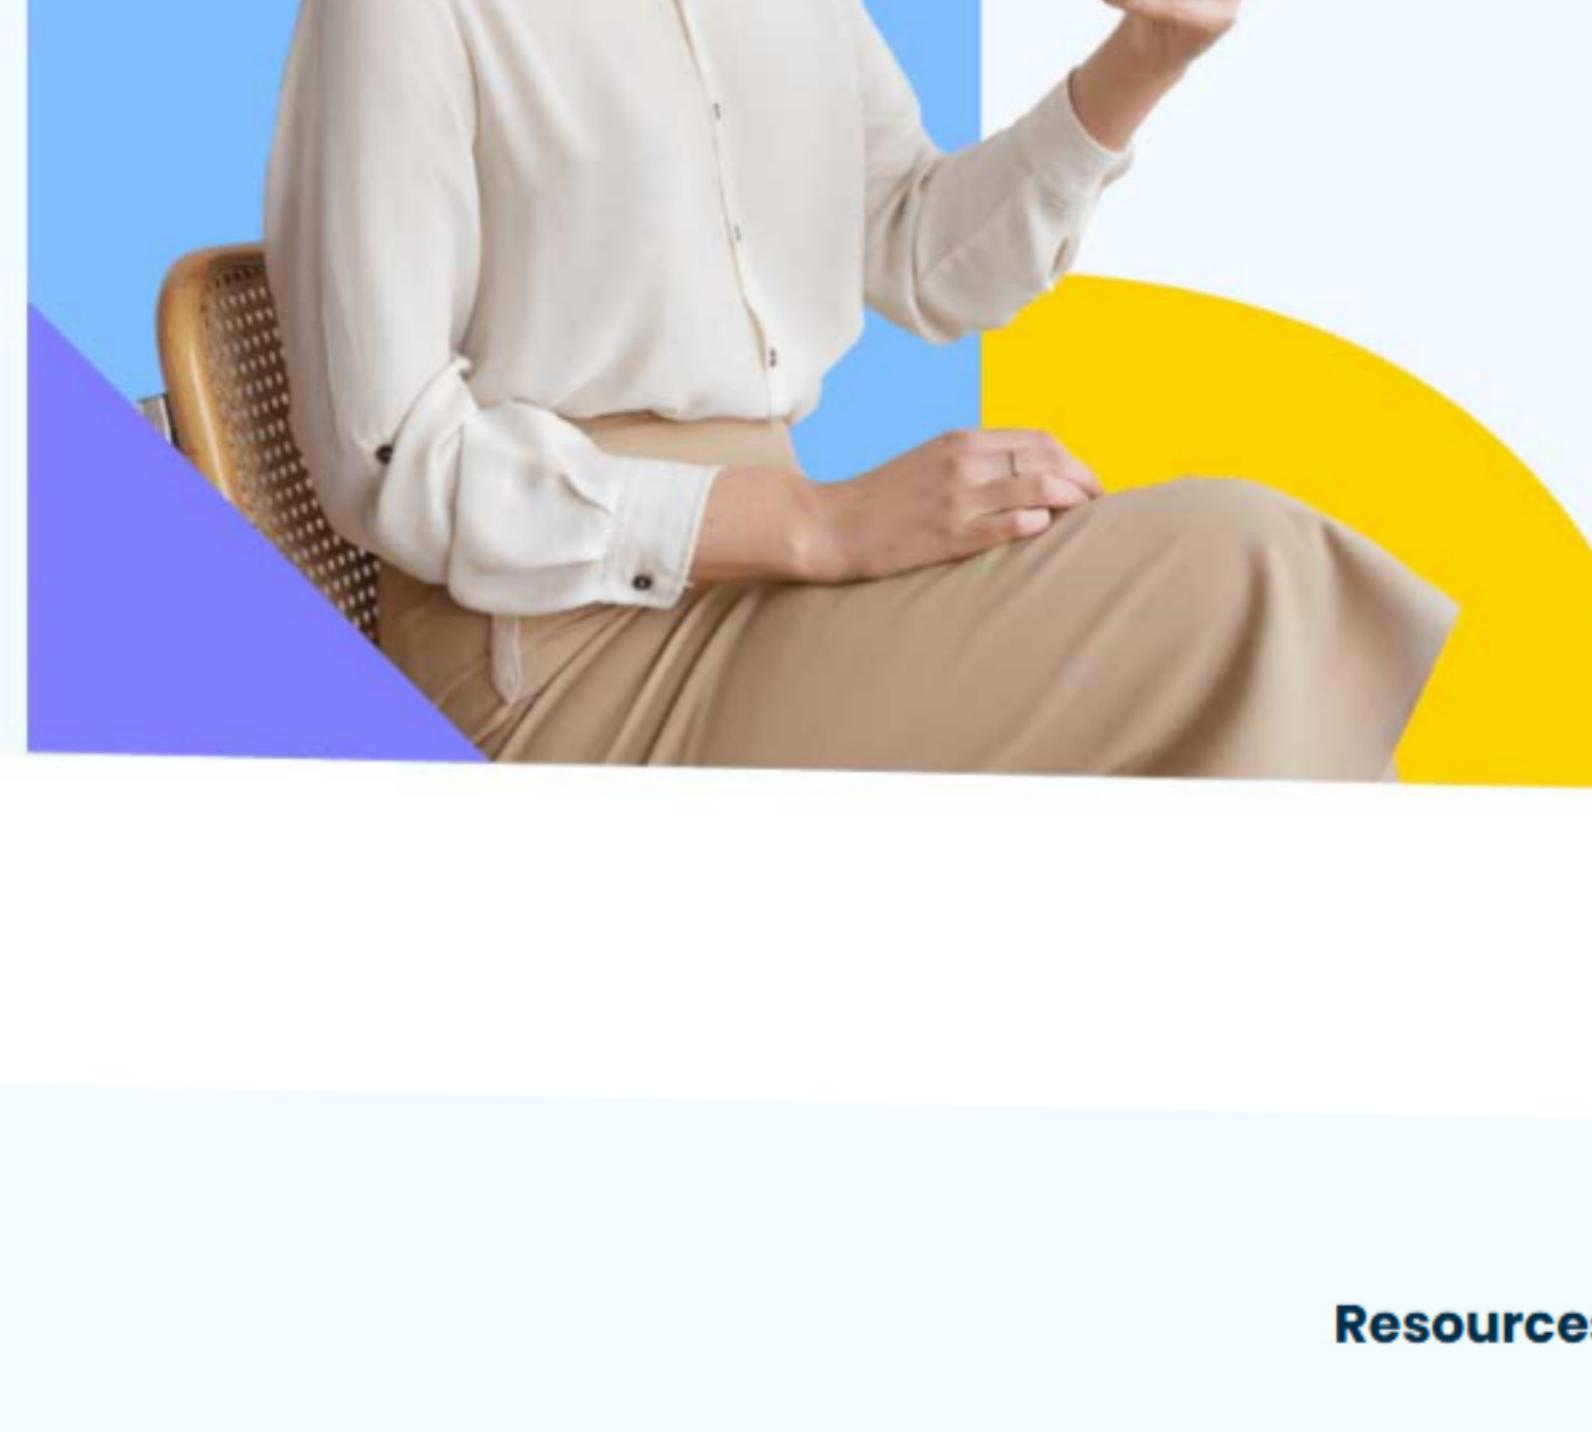

24/7 Arabic and English customer support with local teams understanding GCC business culture and practices.

### Islamic Business Hours

System configurations supporting regional working hours, prayer times, and holidays specific to GCC markets.

### Competitive Edge

Leocalls gives you a real competitive edge: up to 40% lower cost, 3x faster deployment, and superior call quality with GCC-optimized infrastructure and routing.

### OUR TESTIMONIALS

## What our Clients said about us

"Leocalls helped us move away from a legacy PBX system and launch a cloud contact center across multiple branches in the GCC in a matter of weeks."

**Khalid Ahmed**

IT Director, Retail Group
